Description

PART # ARO13201

Specifically designed for carburetted street or racing engines, these adjustable regulators offer higher flow, quicker response and less pressure creep than competing two-port designs. Ideal for dedicated nitrous applications. These regulators are used by many of the NASCAR® teams.

Features:

- Adjustable from 5-12 PSI
- Provides ORB-06 inlet and outlet ports.
- 1/8" NPT gauge port
- Regulators re-seat after the carburetor needle shuts down, preventing pressure creep
- Includes mounting bracket
