Description

CC-19061-16

With the recent technological developments in the design and manufacture of aluminium rocker arms, it is now possible for COMP Cams to offer a premium aluminium rocker alternative - the Ultra-Gold Aluminium Roller Rockers.

- CNC-machined, lightweight design removes weight and yields unrivalled quality and ratio accuracy
- Designed for high performance street and race engines
- Precision-sorted trunion bearings withstand elevated valve spring pressure and valve lift
- Additional clearance up to 1.650" O.D. valve spring
