Description

AF576D SERIES

Aeroflow 570 series PFTE fittings are a billet 6061-T6 CNC'd full flow fitting which provide an uninterrupted flow with superior wall thickness. Aeroflow's 570 series fittings are the choice of professionals for use in Power steering, Nitrous, Fuel systems, Cooling systems, vacuum applications and oil systems. We also recommend the 200 & 250 series hose in E85 applications.
