Description

Aeroflow's Fuel Log features ball and socket assemblies that swivel + / - 20 degrees, allowing additional clearance for throttle stops, nitrous plates and other accessories. The telescopic log will fit 4150 style carburetors, 4500 series Dominator and Barry Grant carburetors. The Fuel Log has one AN Flare Plug and a male -8AN male flare fitting supplied for front or rear entry set up. Comes with fittings to suit both Holley and Barry Grant carburetors.
