Description

Pavtek Part # CC-800-16

Performance Series™ Solid/Mechanical Lifters With EDM Injection™ Technology

Comp Cams Performance Series™ Lifters with the EDM oiling hole have all of the same high-quality features as the Performance Series™ Solid/Mechanical Lifters with the addition of the EDM oiling hole on the lifter face.

- Includes precision-ground crown radius and surface finish to promote performance camshaft compatibility and high-rpm durability
- Lightweight design and premium one-piece pushrod seat provide extended rpm range
- Features precision-machined and accurately located oil band to yield consistent, properly metered oil flow
- Designed for elevated, race application valve spring pressures
- Ideal for high-end street and race engines

Suitable for Small Block & Big Block Chev Engines
